Download Our School App Today!

Our school Schoolzine app is an important part of our communication with our parents and carers. Announcements, regular updates and reminders are frequently made through our school app. Parents are also able to quickly locate our school newsletter, calendar, permission notes and report student absences. It is available on both the Apple and Android operating systems for you to download and start using. These instructions will help you to download it.

How to Install Our School App

On Apple

- On your iPhone open the app store.
- Search for SZapp.
- Download and install SZapp.

Android/Google Play

- On your SmartPhone open the Android/Google Play market.
- Search for SZapp.
- Download and install SZapp.

Select the following settings:

- *Select Region* – Asia Pacific.
- *Search for and select your school* – Singleton Public School.

Registering for the app:

- Before you can complete adding your school, you will need to register.
- Register with your email by entering your email, name and creating a password; or sign in with Google or Facebook.

Managing Notifications:

- Choose which group/s you would like to receive notifications from – we suggest you select all groups eg Parents/Guardians, Students and Other.

Now you have downloaded the app:

- Home screen - The Home tab displays the most recent news items and links to important school information and tools eg newsletter, calendar.
- Feed screen - The Feed tab shows a summary view of all news items which you have subscribed to including the notifications that have sent been out.
- Manage screen - The Manage tab allows you to customise what information shows in your news feed and what push notifications you will receive. We suggest you turn all options on.
